# PROFESSOR JIGGET'S BOX OF TALES

Interactive, family storytelling with puppetry and play.

Produced by The League of Curiosity CIC

## THE SHOW

World famous magical explorer, Professor Jigget, has been on yet another story collecting adventure. This time he's managed to squish and squash all of his new stories into one big Box of Tales. Surely nothing can go wrong with that now can it?

Inside his Box of Tales are three stories, each one adapted from folklore, myth and legend. The first is a retelling of the 'Renwick Cockatrice' legend from northern England. The second is 'Morgan and the Harp', a Welsh fairy tale centred around a magical harp. The third and final tale takes us to Norway, to learn all about magical water creature protection!

To help bring these stories to life, the audience must dance, sing, give gifts, and most importantly, keep the Prof. on track!

## RUN TIME

The piece can be performed as one 40 minute show, or be divided up into three shorter 15 minute performances (making 'Box of Tales' suitable for festivals and events)

## AGE GUIDANCE

The show is suitable for 5-12 year olds and their families.

## VENUES & PRESENTATION

'Box of Tales' is performed by a single storyteller, who uses a storytelling booth, a large case on wheels, and a variety of props and costumes to seamlessly weave three magical stories together. It is suitable for a variety of venues including theatres, libraries, community centres, village halls and schools.

## TECHNICAL REQUIREMENTS

The show is completely self sufficient for community spaces and non traditional theatre venues, providing our own wireless lights and speakers.

We require 2 hour get in and 1 hour get out (once audience leaves).

For traditional theatre venues, a full tech pack can be made available on request

‘The children were so engaged with the stories’
